“The Company Friend of School” is a project that was launched by the Ministry of Education in continuity with the national company “**The month of School**”.

It aims to establish a positive interaction between companies, the social tissue and public collectivity.

The Ministry of Education calls for voluntary participation, for maintenance and rehabilitation of educational establishments, and achieving sustainable partnership agreement between school companies. It also aims to transform these companies into a communication bridge between the student and the economic and civil environment so as to consolidate work values and volunteering act and strengthen culture initiatives for youth.

The project consists of a partnership agreement that lasts two years, renewable, established between a Regional Delegation of Education and an economic company or a public collectivity who declare their readiness to contribute to the maintenance of a school and its rehabilitation.

The rehabilitation also intended to accommodate pupils within the company for organized visits and preparation of events and forums for professional environment initiates and develop in the « the Culture of Company ».
